

Blair County Conservation District

Agricultural Planning Fee

effective 7/1/2017

The Blair County Conservation District has implemented by Board Action the following fee schedule for the completion of Agriculture Erosion and Sediment Control Plans and/or Manure Management Plans for cropland and pasture.

AG E&S plans will be prepared utilizing the PA OneStop template (or other computerized model) with the addition of modules sufficient to provide compliance with Title 25 Chapter 102 Erosion and Sediment Control. Manure Management Plans will be prepared utilizing the DEP Land Application of Manure - Manure Management Plan Guidance 361-00300-002 (October 29, 2011 or subsequent revisions).

It is the intent of the District to prepare plans for Blair County farms of 500 acres (cropland and/or pasture) or less; however, larger farms may be considered based on availability of staff, with a price to be determined on an individual basis.

Fees would be based on the total acres submitted for planning, even if the individual tracts are planned separately for the ease of operation.

Fees will be charged if plans are required to be written to satisfy a complaint investigation.

The District reserves the right to refuse the writing of a plan for landowners with a history of non-compliance with the Department of Environmental Protection (DEP).

Acres of Crop/Pasture	Base	Acre Fee	Total Cost E&S and MM	Individual Plan Fee
0-20	\$100	N/A	\$100	\$100
21-100	\$100	\$100	\$200	\$150
101-200	\$100	\$200	\$300	\$225
201-300	\$100	\$400	\$500	\$375
301-400	\$100	\$600	\$700	\$525
401-500	\$100	\$800	\$900	\$675
